**Subject:** Transition to All-You-Care-To-Eat Interview

Hello,

I hope you are well. My name is [REDACTED] and I am writing an article for the McGill Daily about the Board of Governors community session being held tonight. In one answer, the board explained McGill will be making the transition to an All-You-Care-To-Eat system for its dining halls. I wanted to ask if someone at Food and Dining Services would be willing to answer a few questions about this change.

I have questions regarding how you expect this to change the experience of McGill students, how this will impact dining hall employees, and if this will impact the food the dining hall is able to offer.

Please let me know if you are interested in an interview and I will send a more detailed list of questions. Thank you for your time.

Sincerely,
